Summary

Full-stack Developer and IT Student at Politeknik Negeri Malang, focused on building high-performance applications using Next.js, Golang, and Flutter. Expert in developing scalable software solutions with modern tech stacks, complemented by a professional background in network security including FortiGate, Cisco, and MikroTik. Recognized as the 2nd Place Winner of ITNSA Banyuwangi and a provincial-level representative, I combine advanced system analysis with robust coding practices to deliver secure, efficient, and integrated digital platforms.

Skills

Software Development

- Web Development: Next.js (App Router, Server Components), Golang (High-performance Backend), Laravel (MVC, Eloquent), Tailwind CSS, & Bootstrap.
- Mobile Development: Flutter & Dart (State Management, REST API Integration).
- Databases & ORM: Prisma ORM, MySQL, PostgreSQL, SQL Server, & MongoDB.
- API & Tools: RESTful API Design, JSON Parsing, Version Control (Git & GitHub).

Network Administration

- Infrastructure & Monitoring: SNMP Monitoring, Proxmox Virtualization, & Linux Server (Ubuntu, Nginx, Apache, Bind9).
- Networking: MikroTik (BGP, Firewall, Hotspot), Cisco (Routing & Switching), & FortiGate Configuration.
- Network Security: IP Addressing (Subnetting, NAT), DHCP, DNS, & IPTables.

Experience

Fullstack Developer – *Proyek Sistem Pencatatan Prestasi Mahasiswa*

2025

- Developed a Laravel-based system for recording and validating student achievements, including competition participant recommendations.
- Implemented TOPSIS, SAW, and PSI decision support methods for recommendation features.
- Optimized CRUD operations using AJAX and DataTables for better performance.
- Designed technical documentation and database structures in MySQL.

Flutter Developer – *Aplikasi Layanan Warga*

2025

- Developed a Flutter application for streamlined citizen management and local marketplace features.
- Integrated a high-performance Golang backend and PostgreSQL database through robust RESTful APIs.
- Implemented AI Computer Vision using Python for real-time object detection and image classification..

NextJS Developer – *NetMonitor*

2026

- Real-time Monitoring: Built a high-performance network monitoring dashboard (ICMP/TCP/SNMP) using Next.js.
- Infrastructure Management: Integrated Proxmox node control, VM/LXC management, and native VNC console support.
- Network Visualization: Developed interactive and dynamic network topology maps using React Flow.

2nd Place – ITNSA Competition (District Level)

Banyuwangi Regency | 2023

- Competed in the field of IT Network System Administration (ITNSA).
- Performed network configuration, troubleshooting, and network security implementation.
- Developed analytical and problem-solving skills under time pressure.

Organizational Experience

Himpunan Mahasiswa Teknologi Informasi (HMTI) – Departemen Kominfo

2024 – 2025

- Served as a committee member for various HMTI programs such as seminars, training sessions, and annual events.
- Responsible for managing and editing HMTI’s social media content, including photos and videos.

Seni Theatrisic – Band Division

2024 – 2025

- Active member of an organization engaged in arts and event organization.
- Contributed to the planning and execution of campus events related to arts and entertainment.
- Developed teamwork, communication, and event management skills.

Ikawangi Polinema (Ikatan Keluarga Banyuwangi)

2024 – 2025

- Participated in social and cultural activities to strengthen solidarity among students from Banyuwangi.
- Contributed to the organization and coordination of regional and community-based campus events.

Education

Information Technology (Undergraduate) Polytechnic State of Malang | Malang, Indonesia

08/2023 –

07/2027 (Expected)

- **Key Achievements:** Participant in Hology 7 CTF 2024, KMIPN Cyber Security 2025.

Teknik Komputer dan Jaringan SMK Negeri Glagah | Banyuwangi, Indonesia

08/2020 – 06/2023

- **Key Achievements:** 2nd Place in LKS ITNSA Banyuwangi Regency, Participant in LKS ITNSA East Java Province.

Certifications & Licenses

-
- **LSP IT Network System Administrator – BNSP**
 - **Junior Web Developer – BNSP**
 - **MikroTik Certified Network Associate (MTCNA) – MikroTik**
 - **Surat Pencatatan Ciptaan, PresApp: Sistem Informasi Pencatatan Prestasi Mahasiswa dan Rekomendasi Peserta Lomba Menggunakan Metode TOPSIS, SAW, dan PSI.**
(Registration No. 000930684000930684 – Kemenkumham RI (2025))

Summary

Saya adalah mahasiswa Politeknik Negeri Malang jurusan Teknologi Informasi dengan minat yang kuat pada bidang Cyber Security, Network Administration, dan Software Development. Berpengalaman dalam pengembangan aplikasi menggunakan Laravel dan Flutter, serta memiliki keahlian dalam manajemen dan keamanan jaringan komputer berbasis Cisco dan MikroTik. Pernah meraih Juara 2 Lomba LKS ITNSA Kabupaten Banyuwangi dan menjadi perwakilan kabupaten di tingkat Provinsi Jawa Timur, pengalaman tersebut memperkuat kemampuan saya dalam analisis sistem, pemecahan masalah, dan kolaborasi tim. Saat ini saya terus mengembangkan kompetensi teknis melalui studi dan proyek mandiri untuk berkontribusi dalam peningkatan keamanan dan efisiensi infrastruktur teknologi informasi di lingkungan profesional.

Keahlian Utama

Software Development

- Laravel Framework (MVC, Eloquent ORM, Blade, API)
- Flutter & Dart (UI/UX, State Management, REST API)
- MySQL, SQL Server, MongoDB, dan PostgreSQL
- RESTful API Integration & JSON Parsing
- Version Control (Git & GitHub)
- UI Design dengan Tailwind CSS & Bootstrap

Network Administration

- Cisco Packet Tracer Configuration (Routing, Switching, VLAN)
- Network Security & Troubleshooting
- IP Addressing, Subnetting, DHCP, DNS, NAT
- Mikrotik Configuration (Routing, Hotspot, Firewall, Bandwidth Management)
- Linux Server Administration (Ubuntu Server, Apache, Nginx, Bind9, FTP, IPTables)

Experience

Full Stack Developer – Proyek Sistem Pencatatan Prestasi Mahasiswa

2025

- Membangun sistem berbasis Laravel untuk pencatatan dan validasi prestasi mahasiswa, serta rekomendasi peserta lomba.
- Mengimplementasikan metode SPK Topsis, SAW, dan PSI untuk sistem rekomendasi.
- Mengimplementasikan AJAX dan DataTables untuk peningkatan performa CRUD.
- Menyusun dokumentasi teknis dan struktur database MySQL.

Flutter Developer – Aplikasi Layanan Warga

2025

- Membuat dashboard dan fitur laporan aktivitas warga menggunakan Flutter.
- Mengimplementasikan navigasi GoRouter dan Drawer Sidebar untuk layout utama.
- Menghubungkan aplikasi dengan REST API Laravel backend.

Juara 2 Lomba LKS SMK ITNSA Kabupaten Banyuwangi

2023

- Berkompetisi dalam bidang IT Network System Administration (ITNSA).
- Melakukan konfigurasi jaringan, troubleshooting, serta penerapan keamanan jaringan.
- Mengembangkan keterampilan analisis dan problem solving di bawah tekanan waktu.

Perwakilan Kabupaten – Lomba LKS SMK ITNSA Tingkat Provinsi	2023
• Dipercaya mewakili kabupaten dalam ajang kompetisi tingkat provinsi. • Menyelesaikan studi kasus terkait administrasi jaringan dan keamanan dengan standar industri. • Memperoleh pengalaman teamwork dan komunikasi dalam skala kompetisi yang lebih luas.	

Organizational Experience

Himpunan Mahasiswa Teknologi Informasi (HMTI) – Departemen Kominfo	2024 – 2025
• Menjadi panitia dalam berbagai program kerja HMTI seperti seminar, pelatihan, dan acara tahunan. • Bertanggung jawab dalam pengelolaan, mengedit konten media sosial HMTI baik foto maupun video.	
Seni Teatrisic – Divisi Band	2024 – now
• Aktif sebagai anggota organisasi yang bergerak di bidang seni dan event organizer. • Berperan dalam perencanaan dan pelaksanaan berbagai kegiatan kampus berbasis seni dan hiburan. • Mengasah kemampuan teamwork, komunikasi, dan manajemen acara.	
Forum Daerah Ikawangi (Ikatan Keluarga Banyuwangi)	2024 – now
• Berpartisipasi dalam kegiatan sosial dan budaya untuk mempererat solidaritas antar mahasiswa asal Banyuwangi. • Berkontribusi dalam penyusunan acara daerah dan kegiatan komunitas kampus.	

Education

Information Technology (Undergraduate) Polytechnic State of Malang Malang, Indonesia	08/2023 – 07/2027 (Expected)
• Key Achievements: Peserta Hology 7 CTF 2024, Peserta KMIPN Cyber Security 2025.	
Teknik Komputer dan Jaringan SMK Negeri Glagah Banyuwangi, Indonesia	08/2020 – 06/2023
• Key Achievements: Juara 2 LKS ITNSA tingkat Kabupaten Banyuwangi, Peserta LKS ITNSA tingkat provinsi Jawa Timur.	

Sertifikat dan Lisensi

• LSP IT Network System Administrator – BNSP • Junior Web Developer – BNSP • MikroTik Certified Network Associate (MTCNA) – MikroTik • Surat Pencatatan Ciptaan, PresApp: Sistem Informasi Pencatatan Prestasi Mahasiswa dan Rekomendasi Peserta Lomba Menggunakan Metode TOPSIS, SAW, dan PSI. Nomor Pencatatan: 000930684 – Kemenkumham RI (2025)
